

Plastic Sun Helmet - White

R5005

Details

This sun helmet is made of strong, molded, lightweight, flexible plastic. These helmets offer protection from harmful sun rays and rain with a wide full brim. An adjustable head band allows for comfort while cross ventilation side louvers allow for maximum air flow circulation around the head. Wide brim ideal with beekeeping veil, R3810, sold separately, for bee, mosquito and gnat protection. White or Tan.

- Lightweight flexible plastic
- Sun and rain protection
- Adjustable head band
- Vents for cross ventilation
- Wide brim for use with beekeeping veil
