

Corona Square Point Shovel - 30in D-Grip Handle

RCSS31030

Details

This 14 gauge shovel with D-grip handle is constructed with a tempered steel blade and sharpened edge. The square-head design provides maximum lifting and moving of loose material. Large forward-turned steps give firmer footing. Textured epoxy finish protects head against rust. 30" Fiberglass D-Grip handle.

- Square head design for efficient lifting and moving of loose material
- Extra-thick, 14-gauge tempered steel blade
- Pre-sharpened blade with textured epoxy finish
- 30" Fiberglass handle with plastic D-grip
- D-grip design helps control material being moved
- Contractor-grade fiberglass handle 40% stronger than wood
- Easier to use in close quarters
