

Dramm 65 Touch 'n Flo Pro Trigger Valve

RG73065

Details

The addition of this convenient squeeze lever activated shut-off valve between your nozzle and the hose provides easy on/off operation. The lightweight die-cast zinc body features a rubber-molded grip with a wire latch trigger lock for continuous spraying ending hand fatigue. High-output 22 GPM @ 40 psi. Fits 3/4" I.D. hose. Durable.

- High-output, one-touch trigger valve
- Lightweight
- Rubber-molded grip for durability and comfort
- Wire latch trigger lock for storage or constant spraying
- Fits standard 3/4" hose
