

GatorGuard Floating Alligator Head

RP2010

Details

Scare gees, ducks, comerants, herons-egrets and small animals from water areas with this life-sized floating alligator head replica. GatorGuard moves around the water free-floating or may be anchored for desired roaming diameter. The golden yellow faceted, mirror-backed eyes flash in the sun making birds believe they are being followed. Perfect for the golf courses, lakes, ponds, koi pond or fish farm. Durable, weatherproof UV coating. Length 25 inches.

- Mirror-backed eyes for startle effect
- Floats in lake or pond
- Group several for authenticity
- Durable and weather proof
